**SYNOPSIS**— Francesca Johnson, an Italian woman who married an American soldier to flee war-ravaged Italy, looks forward to a rare four days alone on her Iowa farm when her family heads to the 1965 State Fair. When ruggedly handsome, *National Geographic* photographer, Robert Kincaid, pulls into her driveway seeking directions, what happens in those four days may very well alter the course of Francesca's life.

*The Bridges of Madison County is an intimate story and we are looking for actors who are comfortable with and can authentically portray that intimacy. Those cast as Robert and Francesca will have several intimate moments. Aurora Players is committed to creating a comfortable and consensual atmosphere for rehearsals and during the performances.*
